NEW PARTNERSHIP ANNOUNCEMENT

INFINITY
SEATING SOLUTIONS

+ skeie®

Infinity Seating Solutions Ltd of the UK are excited and proud to announce their new Distribution partner for the Scandinavian & Finnish markets - Skeie Seating of Sandnes, Norway.

Skeie and Infinity's relationship actually goes back 25 years, it started with Infinity Seating assisting Skeie Seating with their UK projects for Installation and Project management services. The strategic relationship of two of Europe's best-known and respected Seating brands - for quality and innovation - has now been cemented with the perfect blend of products.

Following on from our first fabulous installation in Trondheim, Norway and a very successful CinemaCon trade show in Vegas this April, Skeie will look after all Sales, Project Management, Installations, Service and Warranty work. There will soon be several Infinity Seating models at the Sandnes showroom as well as attendance at several upcoming trade shows.

Infinity Seating are fast becoming the go-to brand for luxury bespoke seating globally, offering your patrons a completely different high-end cinema experience. Check out the amazing array of Products and Projects listed on the website that have taken the industry by storm...

'Coming to a Cinema near you soon' has never been so apt!
